Due to the economy I can not afford to pay any more that what I currently pay. My income has decreased drastically due to decline in sales. I am a single mother and can barely make ends meet. Your attention to this matter is greatly appreciated.

To Whom It may Concern:

This is concerning Liberty Water WS-02676A-09-0257. I am not in favor of the 111.32% percent increase in our water bill. This is not the time to do the.

We are already being asked too much. People are paying more for the basic things. People are living from day to day. The middle class has taken the brunt of these increases.

Sincerely,
Louie N. Lopez

Due to the current economic situation our income has not increased in the past 3 years. Unfortunately living expenses have continued to increase. A rate increase will only create an added economic hardship for a family whose children are preparing to go to college and continue their education.
